Dear Prof. Lean,

I hope this letter finds you in good health and high spirits. I am writing to introduce the Institutional Partnership Opportunity offered by YesTech Club to your School.

We are pleased to offer your faculty the opportunity to receive certificates for trainings and workshops online via YesTech Club. For a fee of 1500 PHP, all of your teachers and staff can enjoy our trainings and workshops. Additionally, we offer separate workshops for students for a fee of 499 PHP, and for every student that joins, 20% will be given back to your school .

YesTech offers interactive webinars and seminars conducted by experts from various sectors, including leadership, sustainable development goals, climate action, mental health and wellness, financial literacy, and more. Our programs are designed to benefit the members and help your organization thrive in the 21st century.

We also offer the Knowledge Builder program, designed for academia worldwide, which helps learners gain additional skills and gives them an advantage in the job market. Our Yes U program addresses the needs of individuals, schools, organizations, local government units, and corporations in the 21st century and provides relevant, timely, and practical skills.

We are here to help your organization become more updated with 21st century skills, and we would be honored to have your school as our partner.

Please let us know if you are interested in exploring this opportunity further. I would be happy to schedule a meeting or provide more information.

Thank you for your time and consideration.

Best regards,

Dr. Alex H. Reyes
